

## Declaration

The Danish National Healthy Cities Network hereby applies to join the Network of European National Healthy Cities Networks. This declaration confirms that the Danish National Healthy Cities Network has met the minimum requirements for membership as established by the action framework.

We hereby confirm that the Danish National Healthy Cities Network endorses the principles, strategies and responsibilities of the Network of European National Healthy Cities Networks.

The Danish National Healthy Cities Network:

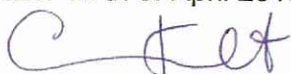

1. has membership requirements for its member that follow the four elements of healthy city action;
2. has identified a coordinator with technical and administrative resources;
3. is formally organized under a clear set of by-laws, or a constitution, that has been accepted by its members;
4. has a steering committee;
5. can demonstrate that it is active, by:
  - regularly holding business meetings
  - actively supporting its cities in achieving healthy city goals;
6. is committed to attending business and technical meetings of the Network of European National Healthy Cities Networks;
7. will actively strive to include health equity in all policies and the Phase V core themes in its member cities and on the national level; and
8. will actively strive to increase the number of cities that meet the minimum requirements of the Network of European National Healthy Cities Networks.

The Danish National Healthy Cities Network promises to fulfil the responsibilities of the Network of European National Healthy Cities Networks by:

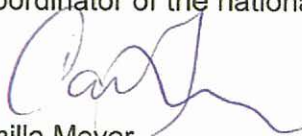

1. providing relevant information to WHO and the Network of European National Healthy Cities Networks as required and regularly updating that information;
2. paying an annual contribution to WHO of US\$ 1000 per year to finance the activities of the Network of European National Healthy Cities Networks;
3. disseminating resources (information and other products) from the Network of European National Healthy Cities Networks and WHO to its member cities;
4. taking the initiative to promote healthy cities at the national level; and
5. acting as a link between the Network of European National Healthy Cities Networks and the member cities.
